INSTITUTION INDUSTRY CELL

Institution Industry Cell has been constituted is to reduce the gap between industry expectations (practice) and academic offerings (theory) by direct involvement of industry to attain a symbiosis. As technologies change rapidly, retraining and updating of the work force continuously are becoming major challenges facing every country today. Industries and Technical Institution have a strong mutuality of interest which forms the basis for having IIC-cells.

Function of the Cell:

The institute has set up an Industry-Institute Partnership Cell with the following objectives:

- Bridging the gap between Industry-Institute by interactive programs
- Promoting a partnership approach towards mobilizing industrial personnel.
- To arrange for students' industrial visit.
- Organizing seminars, symposium, exhibitions and workshops both for faculties and students in cutting edge technologies to cater to the current need of the industry.
- To arrange industrial training for students and faculty members.
- To identify the opportunities for student project work in Industries.
